## Announcement Concerning Differences between GMO Payment Gateway, Inc.'s Non-Consolidated Financial Results for the Fiscal Year 2022 and the Previous Results

Today, GMO Payment Gateway, Inc. (TSE Prime Market: 3769), our consolidated subsidiary, announced the differences between its non-consolidated financial results for the fiscal year 2022 and the previous results.

### 1. Differences between the actual financial results for the fiscal year 2022 (October 1, 2021, through to September 30, 2022) and the previous results

(Millions of yen, except per share figures)	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent	Net profit per share
Actual for fiscal year 2021 (A)	22,743	8,499	9,700	6,860	91.78
Actual for fiscal year 2022 (B)	27,131	11,755	18,200	14,587	192.33
Change (B-A)	4,387	3,255	8,500	7,726	
% change	19.3	38.3	87.6	112.6	

### 2. Reasons for the Differences

Net sales and operating profit have increased compared to the previous fiscal year because the payment processing business is progressing smoothly due to increased payment processing and transaction volume, which are the indicators of net sales, and also because finance-related businesses are progressing smoothly by expanding early payment service, etc.

In addition to the above, ordinary profit and net profit have increased compared to the previous fiscal year due to the gain on investment in partnership, commissions received, etc.
