Announcement Concerning Differences between GMO Payment Gateway, Inc.’s Non-Consolidated Financial Results for the Fiscal Year 2024 and the Previous Results

Today, GMO Payment Gateway, Inc. (TSE Prime Market: 3769), our consolidated subsidiary, announced the differences between its non-consolidated financial results for the fiscal year 2024 and the previous results.

1. Differences between the actual financial results for the fiscal year 2024 (October 1, 2023, through to September 30, 2024) and the previous results

(Millions of yen, except per share figures)	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent	Net profit per share
Actual for fiscal year 2023 (A)	32,078	15,215	18,241	8,270	109.05
Actual for fiscal year 2024 (B)	37,558	17,660	19,892	14,063	185.42
Change (B–A)	5,480	2,445	1,650	5,792	
% change	17.1%	16.1%	9.0%	70.0%	

2. Reasons for the Differences

Net sales and operating profit have increased compared to the previous fiscal year because the payment processing business is progressing smoothly due to increased payment processing and transaction volume, which are the indicators of net sales.

Furthermore, net profit exceeded the previous year's performance due to the impact of corporate taxes and others recorded in the previous fiscal year in relation to the application of the consolidated taxation system for foreign subsidiaries (Note).

(Note: This is attributed to our consolidated subsidiary, GMO-Z.COM PAYMENT GATEWAY PTE. LTD., transferring all of

its shares of 2C2P Pte. Ltd., which was an equity-method affiliate, and recording a gain on the sale of stock in September 2022 fiscal year.)
